

Duke Street Pediatric Dentistry

Martha Ann Keels, DDS PhD

Dylan S. Hamilton, DMD MS Erica A. Brecher, DMD MS

Updated Clinic Operations until April 30, 2020

Dear Duke Street Pediatric Dentistry Families,

In response to the recent “Stay at Home” order issued today by Mayor Schewel, and our continued effort to flatten the curve, we will be updating our office operations as follows:

- **All non-urgent appointments through April 30th will be postponed at this time.** If you have an appointment schedule on or after May 1st, these appointments will remain on the schedule at this time. If the “Stay at Home” order is lifted prior to April 30th, we will accommodate patients as recommended by our state and national organizations.
- **If you have an urgent dental need (i.e. trauma, infection, swelling, pain, problems with orthodontic appliances) please call our office at 919-220-1416 to speak to the doctor on call.** We will do our best to manage your urgent dental needs via telephone or video, and will provide in-office care if that is what is best for your child.
- **If you have a scheduled appointment you DO NOT need to call our office to cancel or reschedule.** We will contact you to reschedule.

We appreciate everyone’s cooperation and support as we do our best to protect our patients, community, and the DSPD team. As always, we remain committed to the safety of you and your family. Please do not hesitate to contact us if you have any questions.

Sincerely,

Drs. Keels, Hamilton, and Brecher, and the Duke Street Pediatric Dentistry Team.
